

# INDUCOAT®

Leader in surface hygiene

**Inducoat B.V. will guarantee 5 years anti-mould protection of the dry film by the Inducoat Fungi anti-mould system from the date of the applicator's certificate.**

Inducoat B.V. guarantees that it will, at any time during the 5-year period of the guarantee, provide, **FREE OF CHARGE\***, the coatings necessary to make good should the dry film fail to protect against mould.

Providing that both the application and the circumstances of the application have been according to the product and safety data sheets and that the mould growth is not caused by structural building problems (e.g. leaks), dry film contamination (bio-film, dirt, unclean practices) and/or normal duty of care (behaviour).

Any changes to the building structure in any way or kind and/or new inhabitants will make this guarantee void. This guarantee does not include large projects, which always require a technical inspection by a certified Inducoat surveyor. In the case of colours, Hamill Decorating, our UK distributor, will tint light/pastel colours but cannot guarantee that the exact same colour can be delivered. Any claim under this guarantee will be made in writing within 14 days of any defects becoming apparent. The terms and conditions of Inducoat B.V. apply.

This guarantee offers the assurance of the performance of the coatings but excludes potential consequential damages. \*The coatings provided will be sufficient to remediate the potential damage with a maximum of the same amount as the initial order; ex-works and delivery charges are.

Hamill Decorating Services is the UK Distributor of Inducoat BV coatings.

Address: 18 Burnet Crescent

East Saltoun East

Lothian

EH34 5BZ.
